

AIRBUS DS Communications PRODUCT CHANGE NOTICE

DOCUMENT ID: VA-170106
 TITLE: VESTA® ANALYTICS 3.1 RELEASE
 PRIORITY: MEDIUM
 CLASSIFICATION: B
 EFFECTIVE DATE: JANUARY 06, 2017

INTRODUCTION

With the world of mission-critical communications ever-changing, Airbus DS Communications knows how important it is to design with an open mind. As part of this effort, Airbus DS Communications is announcing the release of VESTA® Analytics 3.1.

This Product Change Notice (PCN) provides part numbers, product information and ordering information for this release.

VESTA ANALYTICS 3.1 ENHANCEMENTS

For a complete list of enhancements and known issues, see the VESTA Analytics 3.1 Release Notes.

VESTA ANALYTICS 3.1 ENHANCEMENTS	ENHANCEMENT DESCRIPTION
MagIC Data Repository (MDR) migration	VESTA Analytics provides the ability to convert MDR 4.0 and MDR 5.0 FP1 into one VESTA Analytics Enterprise system using the VESTA Analytics Data Migration Utility (VADMU).
Multiple MagIC database migration	VESTA Analytics now supports multiple MagIC database migrations to one hosted solution using the VESTA Analytics Data Migration Utility.
MagIC 5.0 FP1 upgrade support	VESTA Analytics now supports upgrades from MagIC 5.0 FP1 to VESTA Analytics 3.1.
VESTA Analytics Data Migration Utility (VADMU)	VESTA Analytics now provides one to one mapping of entities from a VESTA Classic solution to a new VESTA 9-1-1 CTI solution using the VESTA Analytics Data Migration Utility.
Microsoft SQL Server 2014 SP2	VESTA Analytics now supports Microsoft® SQL Server 2014 SP2 when installing PEI-DB 8.0 SP1.
New Location Information Rebids Report	VESTA Analytics now supports a new standard report, Location Information Rebids Report.

PREREQUISITE / APPLICABLE PRODUCTS

VESTA Analytics 3.1 requires VESTA 9-1-1 Release 6.1 or later, or VESTA DMS 3.0 SP4, along with System Disc 5.0 and PEI-DB 8.0 SP1.

ORDERING INFORMATION

PART NUMBER	DESCRIPTION
873399-00103.1	V-ANLYT 3.1 DOC/MED
VESTA Analytics 3.1 Documentation and Media. Includes Enhanced Operation Management Solution Personnel Management and Automated Evidence Organization among other key features and benefits.	
873399-00103.1U	V-ANLYT 3.1 DOC/MED UPGD
VESTA Analytics 3.1 Documentation and Media for VESTA Analytics migrations.	
873399-00203.1	V-ANLYT 3.1 LITE DOC/MED
VESTA Analytics 3.1 Lite Documentation and Media. Includes Enhanced Operation Management Solution Personnel Management and Automated Evidence Organization among other key features and benefits.	
873399-00203.1U	V-ANLYT 3.1 LITE DOC/MED UPGD
VESTA Analytics 3.1 Lite Documentation and Media for VESTA Analytics migrations.	

To place an order, please email insidesales@Airbus-DSComm.com or call Airbus DS Communications Order Management team at 800.491.1734. Please allow 6-8 weeks for delivery after receipt of order (ARO). This PCN is effective immediately.

For pricing information, please contact Airbus DS Communications Sales Configuration team at quotes@Airbus-DSComm.com. Please allow 24 hours from the release of this notification prior to placing orders via the Airbus DS Communications Extranet.

SUPPORT

Individuals requiring assistance or information regarding this PCN may contact Airbus DS Communications Technical Support team at 800.491.1734. Please select '2' for Technical Support and listen for the product announcements. You can also contact Technical Support via email at tsupport@Airbus-DSComm.com. Emails received will be responded to within 24 hours.

Airbus DS Communications Field Engineering Services are available on a time-and-materials basis for those desiring on-site engineering support for this update.

TRAINING

Airbus DS Communications training courses are designed to maximize product knowledge and optimize product implementation and maintenance procedures. Instructors are thoroughly knowledgeable in all aspects of Airbus DS Communications products. Course attendees receive hands-on experience in the installation of the company's hardware and software. They also gain an in-depth understanding of how each system is set up and maintained and learn the basics of how to keep a system running at the optimum level.

CLOSING

Your immediate attention to this matter is greatly appreciated. Should you have questions or require further assistance, please contact us at 951.719.2100 or productlinemanagement@Airbus-DSComm.com. We appreciate your continued support of our products and look forward to working with you in the continued evolution of Airbus DS Communications technology.
