

PSAP Name: SAN JUAN COUNTY

Minimum Standards	Compliant at the time of reporting: Y/N	If Y, how many months compliant in 2022	PSAP Comments	UCA's Comments and Suggestions for Improvement
#1 A PSAP shall have at least two telecommunicators answering 911 calls at all times and will also staff sufficiently to meet minimum standard #7 by utilizing either staff employed by their PSAP, utilizing an agreement with another PSAP within Utah whereby that PSAP can make calls and dispatch a full emergency response, or utilizing Virtual Consolidation as defined in UCA's Strategic Plan.	N		"San Juan County did not have the resources for two telecommunicators at all times."	N/A
#2 For each medical call processed, the PSAP shall utilize EMD caller interrogation protocols that contain, at a minimum, the following: a) The specific pieces of information that must be gathered for each type of call and b) Pre-arrival instructions/post-dispatch instructions designed to address caller or patient/victim safety and/or to preserve evidence, and c) PSAPs should dispatch high-priority medical, fire and law enforcement calls as soon as location and call-type are verified.	Y	6	"All dispatchers are trained to ask specific questions and gather information. Instructions are given based on their level of training and certification."	N/A
#3 The PSAP shall implement and maintain a Quality Assurance (QA) program that reviews 911 call recordings from each discipline (police, fire and medical) processed by the PSAP and provides feedback to the associated telecommunicator. The QA program should at a minimum meet the APCO/NENA Quality Assurance program standard as set forth in APCO/NENA ANS 1.107.1.2015	N		"San Juan County was in the process of upgrading our system to include APCO call taking an QA program. San Juan began conversation of consolidation with Price Dispatch and all upgrades were put on hold."	N/A
#4 The PSAP shall not allow a telecommunicator to take/process a 911 call alone unless the telecommunicator has completed the PSAP's training program and is EMD Certified.	Y		"San Juan County does not allow dispatchers to answer or process 911 calls on their own until PSAP training has been completed. Prior to consolidation we were training through APCO, although we had not completely upgrade to their system."	N/A
#5 The PSAP shall implement and maintain, either internally or through a contract, a training program that contains the following elements: a) All certified telecommunicators shall maintain all required certifications listed under the POST requirements. b) All PSAP trainers shall be actively certified as a trainer/instructor from a nationally recognized organization, such as POST, International Academies of Emergency Dispatch ("IAED"), NENA, APCO, or another organization approved in advance by the 911 Division. c) Meets the APCO Minimum Training Standards for Public Safety Telecommunicators as set forth in the APCO ANS 3.103.2.2015 or the NENA Minimum Training Standards. PSAPs are allowed to exempt non-citizen telecommunicators who were hired prior to April, 2018 who obtain certification through another source such as APCO or NENA.	Y	6	"San Juan County has an internal training program to include EMD and POST Certification."	N/A
#6 The PSAP shall not intentionally manipulate 911 call counts or other data. Examples include, but are not limited to, manipulating ECA7S services to include 10-digit phone numbers in 911 call counts and/or making non-emergency 911 calls/texts by PSAP or other governmental employees (mandated test calls/texts not included).	Y	6	"San Juan County does not manipulate ECA7S services."	N/A
#7 Ninety percent (90%) of all 911 calls arriving at the PSAP shall be answered within fifteen (15) seconds and ninety-five percent (95%) of calls arriving at the PSAP shall be answered within twenty (20) seconds. This standard will be measured using the "PSAP Answer Time" report available through ECA7S. For purposes of compliance with this minimum standard, the following criteria should be used when generating the report: Select Range - Last Year (January-December); Period Group- Year; Call Type - 911 Calls; Abandoned Filters - Exclude Abandoned; Agency Affiliation - Default except unselect training. For the purposes of compliance with this standard, the box showing the "% answer time < 15seconds" and "% answer time < 20 seconds" under the "Overall Percentage" will be used.	Y	6	"<15-98.66% <20-99.7% San Juan County consolidated with Price Dispatch on July 1, 2022."	N/A
#8 If the transfer of a 911 call has to occur, the PSAP shall follow the NENA Call Answering Standard/Model Recommendation.	Y	6	"San Juan County follows the NENA call answering standard for transferring calls. We were compliant for the 6 months San Juan was dispatching. Services were consolidated with Price Dispatch on July 1, 2022."	N/A
#9 The PSAP shall maintain a comprehensive resiliency and backup plan to mitigate events that may disrupt 911 service to a community; this may include, but is not limited to, major equipment failures, facility issues, natural or man-made disasters or any other event that reduces or eliminates the performance ability of the PSAP.	Y	6	"All calls could be sent to Grand County in the event of an emergency."	N/A
Best Practices				
#1 The PSAP should accept text-to-911 and adopt standard operating procedures for handling the text calls.	Y	6	"Dispatch services were consolidated with Price Dispatch on July 1, 2022."	N/A
#2 The PSAP should adopt an Acute Traumatic & Chronic Stress Management Standard, which may include the Utah Critical Incident Stress Management Team. Any adopted standard should call for local staff to assume task responsibility for implementation and evaluation of all elements of the Comprehensive Stress Management Programs ("CSMP"). Such tasks would include procuring CSMP funding, identifying and coordinating CSMP resources and facilitating access to related services including Peer Support, Critical Incident Stress Management, local mental health trauma therapists, and other elements of the CSMP.	Y	6	"San Juan County offers mental health at the initial cost to the county. San Juan County also has an LCW on staff for immediate assistance. San Juan County EMS has a critical incident debriefing available. San Juan County consolidated services with Price Dispatch on July 1, 2022."	N/A
#3 The PSAP should have up-to-date Policies and Procedures including those policies and procedures found in NENA's 9-1-1 Center Operations Standards PSAP Operations SOPs located at https://www.nena.org/page/OperationsStandards			"San Juan County was continually working on policy and procedures with our legal department prior to the consolidation with Price on July 1, 2022."	N/A
#4 The PSAP should be managed/supervised by an individual possessing one or more of the following advanced certifications: NENA Center Manager Certification Program ("CMCP"), NENA Emergency Number Professional ("ENP"), APCO Registered Public Safety Leader ("RPL") or APCO Certified Public Safety Executive ("CPSE"), and that manager/supervisor shall be provided funds by the PSAP to support membership in industry associations and ongoing training and education appropriate for their position and responsibilities.	Y	6	"San Juan County dispatcher has completed NENA Supervisor and CTO training. Manager and Supervisor are the same in our department."	N/A
#5 The PSAP should report to AGRC each error it identifies in the routing of 911 calls within 14 calendar days.	Y	6	None	N/A
